

THE APARTMENTS & HOUSES

AT

THE WALDENS

SAFFRON WALDEN

ENCHANTING HOMES

WHERE HISTORY INSPIRES INNOVATION

The Waldens is a private development of one, two, three and four bedroom homes, set in the buildings and grounds of the former Friends' School.

Stunning landscaping, a meandering network of pedestrian routes, an original avenue of Lime trees and a vibrant, nature-enhancing pond ensure a sense of place. Together with a wealth of recreational facilities, including tennis courts and a multi-use games area, The Waldens provides a breathtaking environment for 21st century living.

Introducing the collection of apartments and houses at The Waldens.

Beautifully crafted new homes will be constructed to the highest standards, harmonising with the existing architecture and distinct character of the development. The spacious and contemporary room interiors are designed with you in mind, offering comfort, practicality and lasting style. Alongside, The Croydon Building, part of the original Friends' School, will be thoughtfully renovated, preserving its charm while integrating modern comforts.

- ◆ Walls to be painted Purbeck Stone

HAVE NOTHING IN YOUR HOUSE THAT
YOU DO NOT KNOW TO BE USEFUL,
OR BELIEVE TO BE BEAUTIFUL.

WILLIAM MORRIS

BREATHTAKING ENVIRONMENT

THE REBIRTH OF A LEGACY

At the heart of The Waldens is The Old School House, dating back to 1879. The building is being sensitively converted into 52 luxury apartments, while preserving its elegant exterior and many interior features. Within The Old School House an exclusive residents' lounge will offer the ideal place to socialise and relax. Outside, in the newly landscaped grounds, a wealth of recreational facilities will offer tennis courts and a multi-use games area together with a network of pedestrian and cycle routes. A nature-enhancing pond will encourage wildlife and create a vibrant, ecological centrepiece.

As with all Chase New Homes developments, homes at The Waldens will be constructed to the highest standards of energy and resource efficiency, reducing utility costs for residents by using technology that includes Air Source heat pumps. This approach extends outside. Every home will have one allocated parking space with an EV charger.
